## Music Therapy Class: Session 2

Elementary students develop communication, motor, and social skills while they sing, dance and play musical instruments. A board-certified music therapist from Progressions Music Therapy leads students in success-oriented musical experiences that teach turn taking, sharing, appropriate self expression and group participation. Peer models and siblings are encouraged to register.

**Half of the enrollment is secured for those students with disabilities.  
Please identify the disability on the registration form.**
